

Dollars, Part 2

<p>One dollar.</p>  <p>\$1 or \$1.00</p>	<p>Two dollars.</p>  <p>\$2 or \$2.00</p>	 <p>Five dollars: \$5 or \$ 5.00.</p>	 <p>Ten dollars: \$10 or \$10.00.</p>
<p>Write the “\$” symbol in front of dollar amounts.</p> <p>Write first the dollars, then a decimal point, and then the cents.</p>	 <p>\$6.50</p>	 <p>\$12.05</p>	

1. How much money is there? Write the amount in dollars.

 <p>a. \$ _____</p>	 <p>b. \$ _____</p>
 <p>c. \$ _____</p>	 <p>d. \$ _____</p>
 <p>e. \$ _____</p>	 <p>f. \$ _____</p>

If you have 100 cents, they are equal to a dollar.

= Total \$3.20

2. How much money? Write the amount.

<p>a. \$ _____</p>	<p>b. \$ _____</p>
<p>c. \$ _____</p>	<p>d. \$ _____</p>

Remember to put 0 in the dollars' place if there is less than 100 cents. If there is less than 10 cents, we also need a zero in the ten-cents' place.

40 cents = \$0.40

80 cents = \$0.80

5 cents = \$0.05

3. Write as dollar amounts.

<p>a. \$ _____</p>	<p>b. \$ _____</p>	<p>c. \$ _____</p>
--------------------	--------------------	--------------------

4. Change the cent amounts to dollar amounts, or dollar amounts to cent amounts.

a. 55 cents = \$ _____	c. 425 cents = \$ _____	e. _____ cents = \$0.75
b. 5 cents = \$ _____	d. 205 cents = \$ _____	f. _____ cents = \$3.05
